Simplifying Data,
Scaling Enterprise AI.

Microsoft Fabric

Migrate from Azure Synapse to Microsoft Fabric,

Up to 2X Faster, Up to 85% Lower Cost

A GenAI-powered accelerator that automates conversion of your Synapse estate to Microsoft Fabric, landing you on a faster, cleaner platform in weeks, not months.

The KPI Partners Solution: Synapse to Fabric Migration Accelerator

The Three-step Path to Fabric

1 Assess

Scan the Synapse environment to define scope, cost, and a migration roadmap

2 Convert

GenAI-driven conversion of SQL, pipelines, and external tables, automating the work

3 Validate

Built-in testing, reconciliation, and tuning so you land faster than you started

Business Impact

Measurable Outcomes from Day One

Up to 2×
Faster automation migration vs. manual

Up to 85%
Lower migration cost through automation

Up to 40%
Operational cost reduction

6X
Faster query execution

Success Story

Real-time Modernizations on Fabric

Global Omnichannel Retail

Consolidating an enterprise analytics estate onto Microsoft Fabric

Synapse objects migrated	1800+
Data Volume	15TB
Original estimate	7 months
Actual Delivery	4 months

> ***"KPI Partners significantly accelerated our migration from Azure Synapse to Microsoft Fabric, reducing the overall timeline from 7 months to just 4 months. Their structured approach to data engineering and migration ensured both speed and accuracy at scale."***
>
> ***- Director, Data Engineering, Fortune 500 Retail Organization***

Start with a 3-Week Fabric Migration Assessment

A fixed-scope engagement that proves the accelerator on your data, before you commit to the full migration

In 3 weeks, you will walk away with:

- A complete inventory and assessment of your Synapse estate
- A migration roadmap with timeline, cost, and effort
- Performance recommendations tuned to your workloads
- A working sample of 10 converted Synapse artifacts

Sample conversion scope: 6 simple tables/ views · 2 medium stored procedures · 2 complex pipelines or external tables.

START YOUR 3-WEEK ASSESSMENT

Why KPI Partners?

- Proprietary Fabric migration accelerator
- Deep SSIS, SQL Agent, and SQL Server-to-cloud migration experience
- Proven delivery across enterprise data platforms
- Microsoft Solutions Partner for Data & AI, Digital & App Innovation, ECIF Eligible
